

COSMIC DINER
SINGAPORE

KANPAI GROUP

feedback@cosmicdiner.sg

OUR STORY

Kanpai Group, part of **Cosmic Diner Singapore**, was founded in 2014 with a mission to rejuvenate the F&B industry in Singapore.

Our commitment is to serve high-quality food with fresh ingredients and offer exceptionally affordable drinks.

Over the years, we have evolved from a modest bistro offering simplicity and incomplex bar food to a multi-concept organization with outlets offering unique gastronomic dishes from around the world. We are a popular choice for the office crowd; whether it's for lunch meetings or post-work gatherings, we pride ourselves on consistently delivering excellence.

Despite the challenges in the competitive F&B industry, we have not only braved through adversity but managed to stay thriving. **We now operate 4 outlets in Singapore's bustling Central Business District and Robertson Quay.** Our group brings strong operational expertise, extensive research, and a wide network of industry contacts. With a diverse team, we can quickly adapt and draw upon our wealth of experience to confidently navigate any situation.

We aim to craft memorable experiences where special moments can be celebrated with great vibes all night!
